

Marmot Library Network

POLICY

Internet Safety

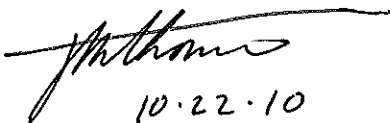

Marmot Library Network and its members are required to comply with Colorado Revised Statute, Title 24, Article 90, Part 6; Internet Protection in Public Libraries.

Marmot Library Network will maintain a Technology Protection Measure that blocks or filters internet access to visual depictions that are, but not limited to:

- a) Obscene, as defined in section 18-7-101 (2), C.R.S.;
- b) Child pornography, as defined in 18 U.S.C. section 2256 (8); or
- c) Harmful to minors, as defined in section 24-90-602 (3), C.R.S.; except that the technology protection measure may not block scientific or medically accurate information regarding sexual assault, sexual abuse, incest, sexually transmitted diseases, or reproductive health.

An authorized person will temporarily disable the technology protection measure for an adult or supervised minor for bona fide research or other lawful purpose, except in an area primarily used by minors.

Member libraries will maintain local control over minors' use of electronic mail, chat rooms, forms of direct electronic communications, unauthorized access, and disclosure, use, and dissemination of personal identification information.
