

R&D Updates MUG 2017

Pascal Brammeier, Jordan Fields, Mark Noble

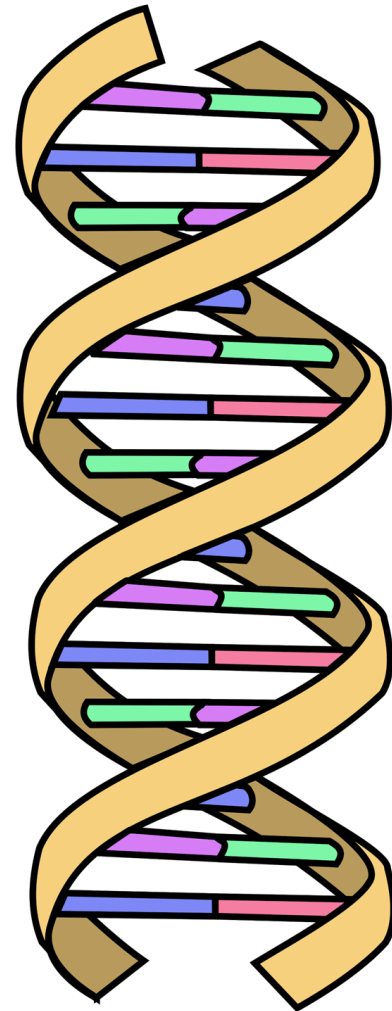

sierra

Sierra integration changes

- Order Records now use Sierra DNA rather than MARC
- Extract Due Dates from Sierra DNA

Better format determination

- New Formats Theses, Music CDs, Music Cassettes, GoReader, VOX Books
- Updated filtering logic to improve when multiple formats are detected
- Favor data that is well understood and maintained

Search Enhancements

Start an advanced search from a basic search

The screenshot displays the Colorado Mountain College library website. At the top left is the college logo, and at the top right is a "LOGIN" button. A blue search bar contains the text "mountain mammals", "by Subject", "in CMC", and a "GO" button. To the right of the search bar is a link for "Advanced Search".

Below the search bar, a left-hand navigation menu includes links for "LOGIN TO MY ACCOUNT", "LIBRARY HOURS & LOCATIONS", "LIBRARY HOME PAGE", "Find More", "Online Collections", and "Need Help?".

The main content area shows a breadcrumb trail: "Home » Advanced »". The title "Advanced Search" is centered, with a "Search Tips" button to its right. The search interface includes a "Search for:" field with "mountain mammals", an "in" field with "Subject", and a "Match:" dropdown set to "ALL Terms (AND)". There is an "Add Search Field" button below the search input. At the bottom of the search area are buttons for "+ Add Search Group", "Clear Search", and "Find". An "Optional Filters" section is visible at the very bottom.

Customize search results

→ In search results, turn display of holds and copy count on/off

→ Within the consortium, patrons have priority for your copies in the holds queue, the counts don't reflect that

The screenshot shows a library catalog search results page for the book "Astrophysics for people in a hurry" by Neil deGrasse Tyson. The page is titled "Home » Catalog Search » Astrophysics »". It features a navigation bar with icons for Books (338), eBook (854), Audio Books (22), Music (1), and Movies (54). Below the navigation bar, there are two buttons: "Entire Collection (1,194)" and "Available Now (1,178)". The search results show "Showing 1 - 20 of 1,194 query time: 0.62s". The book is displayed with its cover and a star rating of 4.5 stars. The title is "1) Astrophysics for people in a hurry". The author is "Tyson, Neil deGrasse". The Lexile Score is "1250" and the Language is "English". The "Choose a Format" section lists four options: Book, Audio CD, eAudiobook, and eBook. Each format has a "Show Edition" button and a "Quick Copy View" link. The Book format is "On Shelf" with 33 copies, 29 on the wait list, and 1 on order. The Audio CD format is "Checked Out" with 4 copies, 8 on the wait list. The eAudiobook format is "Available Online" with 6 copies, 21 on the wait list. The eBook format is "Checked Out" with 2 copies, 15 on the wait list. There are "Place Hold" and "Place Hold OverDrive" buttons for each format.

Eagle Valley Local History Archive

The Eagle Valley Library District and the Eagle County Historical Society work together to bring you thousands of photographs, artifacts, and many other items from historical Eagle County and the surrounding areas on the Western Slope.

Three Wire Winter Oral History and Magazine Collection

Between 1976 and 1988 Steamboat Springs High School students captured the oral histories of prominent Routt County citizens and published them in a magazine titled Three Wire Winter. Twenty-four issues went to press before the program ended and the collection was deeded to the [Tread of Pioneers Museum](#). In 2015, the Bud Werner Memorial Library and the Tread of Pioneers Museum partnered to feature Three Wire Winter and its wealth of oral history interviews, magazine articles, photos and other documents through the library's catalog.

Flexible Roadmap

The screenshot displays a software roadmap interface. At the top, there is a navigation bar with tabs for 'Issues', 'Dashboards', 'Agile Boards', 'Reports', and 'Projects', along with a 'Create' button. Below this is a search bar containing 'Pika Roadmap' and a filter dropdown set to 'Roadmap'. A status indicator shows '10 unresolved issues not visible on the board'. The main area is divided into five columns representing time periods: 'Long Term' (5 cards), 'Short Term' (3 cards), 'Next Quarter' (2 cards), 'Next Release' (2 cards), and 'Current Release' (5 cards). Each card contains project details such as ID, size, status, and title. The interface also includes a zoom slider and view icons for desktop, tablet, and TV.
